

Font Awesome Quarto Extension

This extension allows you to use font-awesome icons in your Quarto HTML and PDF documents. It provides an `{{< fa >}}` shortcode:

- Mandatory `<icon-name>`:

```
{{< fa <icon-name> >}}
```

- Optional `<group>`, `<size=...>`, and `<title=...>`:

```
{{< fa <group> <icon-name> <size=...> <title=...> >}}
```

For example:

Shortcode	Icon
<code>{{< fa thumbs-up >}}</code>	
<code>{{< fa folder >}}</code>	
<code>{{< fa chess-pawn >}}</code>	
<code>{{< fa brands bluetooth >}}</code>	
<code>{{< fa brands twitter size=2x1 >}}</code> (HTML only)	
<code>{{< fa brands github size=5x >}}</code> (HTML only)	
<code>{{< fa battery-half size=Huge >}}</code>	
<code>{{< fa envelope title="An envelope" >}}</code>	

Note that the icon sets are currently not perfectly interchangeable across formats:

- `html` uses FontAwesome 6.4.2
- `pdf` uses the `fontawesome5` package, based on [FontAwesome 5](#).
- Other formats are currently not supported, but PRs are always welcome!
